OUR TEAM:

OUR COOKING METHOD:

We only use certified Louisiana crawfish shipped in right before your event so they are fresh when we get them. The crawfish are then hand-washed on our custom cleaning station. This rigorous process requires that we literally touch each and every crawfish by hand as we remove any dead crawfish and debris. Once the crawfish are initially washed and sorted the live crawfish are then washed a final time and purged. This ensures you get the livest, healthiest, cleanest crawfish before they go into the boiler.

Our 3-stage cooking process involves boiling the crawfish in heavily seasoned water, soaking it in more seasoned water until all the flavor is absorbed into the crawfish, then optionally sprinkling it with our "Lafayette" or "New Orleans" special recipes. The Lafayette is a family secret that combines a unique blend of savory flavors to create a recipe with the tangy taste of lemon, spicy peppers, and zesty garlic. The "New Orleans" style is a traditional Louisiana recipe with a blend of ingredients that includes cayenne pepper, salt, a hint of garlic and onions, and 8 other herbs and spices.
